Dear Sir/Madam

### **CARRIAGEWAY RESURFACING WORK - WOOLSTON ROAD, NORTH CADBURY**

I am writing to inform you of our forthcoming carriageway resurfacing work along the above road fronting your property.

The existing road surface, as you are no doubt aware, is frequently showing signs of structural failure and requires haunching to restore the structural integrity of the road. This work is necessary to protect the underlying road foundation from damage and restore the surface wearing course.

The process will involve the use of large machinery to remove the old surface for a width of approx. 2 meters and up to a depth of 100mm and this is followed by the laying of new material by a surfacing machine. There may be a period between the two operations when it will be necessary for traffic to run a temporary surface. During both operations it will be difficult or impossible for vehicles to pass the machinery.

Due to the width of road and for the safety of the workforce it will be necessary to close the road to ALL vehicular traffic during the works. Pedestrian access may be maintained. The works will commence on **Thursday 15/03/2018 for up to 3 Working Days (08:30 - 17:00)**. During these works, we would request that no vehicles are parked on the road.

**Any change to the start date or duration of works will be indicated on the advisory signs located as indicated on the attached map.**

Details of the length affected and diversion route may be found enclosed and on the <https://roadworks.org> website. If you require any other information prior to the works taking place please do not hesitate to contact me.
